

Claudia Bošković
claudia@distune.org

Claudia je studentica kulturalnih studija na Filozofskom fakultetu i zaljubljenica u alternativnu glazbenu scenu, o kojoj je počela pisati 2022. godine. Svoj novinarski put započela je recenzijama i kolumnama na portalu Perun.hr, a njezin profesionalni iskorak u novinarstvu dogodio se kada je počela pisati za riječki Novi list, u kojemu je izbrusila svoj stil i osjetila uzbuđenje otkrivanja novih bendova s lokalne glazbene scene iz prve ruke. Njezino je pero pronašlo svoje mjesto na portalu Glazba.hr, gdje prati glazbene priče s riječke scene. Angažman u studentskim projektima otvorio je vrata suradnji s Distune Promotion, koju je počela graditi simultano s pisanjem, ponajprije uključivanjem u segmente organizacije Impulse Festivala. Kad ne piše, Claudia istražuje granice zvuka u tajnosti svoje sobe, eksperimentirajući s ambijentalnom glazbom i zvukovima koji možda nikad neće ugledati svjetlo dana – ili hoće, ali pod nekim tajnim pseudonimom.

ENG:

Claudia is a cultural studies student at the Faculty of Humanities and Social Sciences and a passionate follower of the alternative music scene, which she began writing about in 2022. Her journalistic journey started with reviews and columns on the Perun.hr portal, but her true professional breakthrough came

when she began writing for the Rijeka-based newspaper Novi list. There, she refined her style and experienced the thrill of discovering new bands from the local music scene firsthand. Her writing also found its place on Glazba.hr, where she covers stories from the Rijeka music scene. Her involvement in student projects opened the door to collaboration with Distune Promotion, with whom she started working alongside her journalism, primarily by engaging in the organizational aspects of Impulse Festival. When she's not writing, Claudia explores the boundaries of sound in the privacy of her room, experimenting with ambient music and sonic textures that may never see the light of day—or perhaps they will, under some secret pseudonym.
